33. Question 12		
Options A to E propose to allocate growth over the plan period to the district's villages and parishes in the form of an allowance for Larger and Smaller Villages (as defined in the Aylesbury Settlement Hierarchy, 2012) and rural parishes with no settlement categorised 'Larger' or 'Smaller' in the Settlement Hierarchy. At the next stage of preparing the Local Plan we would identify site allocations for Larger Villages broadly in line with this allowance and indicate the level of growth for Smaller Villages and Rural Parishes - the latter could be treated as an average. Do you agree with the suggested approach to allocating housing growth to the villages and parishes? If not, please suggest an alternative.
